

Proposal for the 2026 EFC Ordinary Congress

To: The Secretary General of the European Fencing Confederation (EFC)

Subject: Amendment to the agenda of 2026 EFC Ordinary Congress in Anthony, France

Proposal to add following point: Repeal 2023 Resolutions Regarding the Suspension of the Russian and Belarusian Fencing Federations and the Participation of their athletes, coaches, referees and officials.

1. Rationale and Justification

Since the Extraordinary Congress in June 2023, the international sporting landscape has evolved. The International Fencing Federation (FIE) and the International Olympic Committee (IOC) have established frameworks for the reintegration of athletes under neutral status, and more recently, the FIE has moved toward the full reinstatement of junior and cadet athletes with national identity.

The current EFC suspension creates a regulatory divergence between continental and world-level competitions.

To maintain the unity of the sport and ensure that fencers are not disadvantaged by conflicting continental rules, it is proposed that the EFC aligns its participation rules with the current FIE standards.

2. Proposed Resolution

Lifting of Federation Suspensions and Reinstatement of Athlete and Official Participation

"The Congress hereby resolves to lift the suspension of membership for the Russian Fencing Federation (RUS) and the Belarusian Fencing Federation (BLR). Their status as Member Federations of the EFC shall be reinstated with immediate effect, subject to their compliance with the financial and ethical obligations set forth in the EFC Statutes, aligning with their current standing within the FIE.

The Congress also hereby resolves to repeal its resolution passed in June 2023 which prohibited athletes, coaches, referees and officials holding Russian or Belarusian citizenships and licenses from participating in competitions of the European Fencing Confederation. The EFC shall allow participation of persons that were granted 'Neutral'

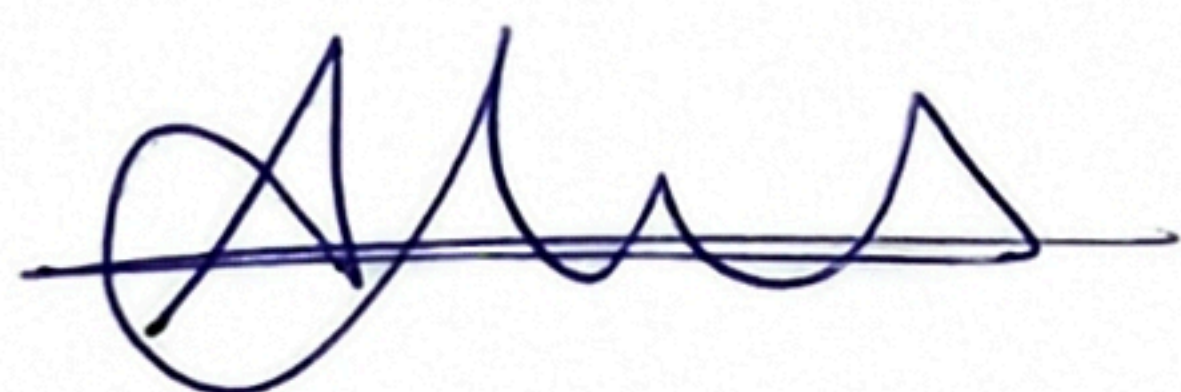

status by the FIE in all its events in all categories, and allow participation of athletes holding Russian or Belarusian citizenships and licenses in all of its cadet and junior events as well as events for younger categories. Participation of these persons shall be granted the same way as it is allowed in the official events of the FIE (e.g. under AIN in seniors, own nationality in younger categories).

3. Submission Details

Pursuant to Article 4.24 of the EFC Statutes, this proposal is submitted for inclusion on the agenda of the **Ordinary Congress 2026 in Antony, France**.
